## EMPLOYMENT

**Weekly Babysitting (2011)** - used the money from babysitting to pay for my theatre programs, education and voice lessons.

**MOPS (Mothers of Preschoolers)** – Part time employee. At MOPS, I watched 3-4 year old kids (usually about 8 of them) with one other worker. They were not toilet-trained, so we changed diapers, fed them, cleaned up after them, etc. and for those that had separation anxiety, we held them the entire time. I really loved working with the kids, and some of them became really attached to me.

We watched them continuously for four hours. We gave them crafts to make and read to them. Also, about 3-4 times a year, I watched a few of them during Steering (a MOPS leaders group) on my own.
